Brahms Lullaby Baby Announcer

Want a new way to welcome the new members of generation www? How about Viking's **DVA-2WA** playing the Brahms lullaby over the paging system, producing a happy feeling for the entire hospital? It can happen with mom's call to the nurse's station. Viking's model **K-600D** will trigger the **DVA-2WA** which mutes the background music and plays the recording (it can even repeat it seven times if septuplets arrive).
